**Event Description**

In the future, riders will be able to purchase their MBTA fares and passes online, via their smartphones, and with contactless credit/debit cards. We're also expanding acceptance of cash by building a larger, more robust network of retailers, in-station fare vending machines, and new streetscape fare vending machines at bus stops and Green Line stations across the network.

We've conducted a Point of Sale Distribution and Equity Analysis to identify where we should add new sales locations. Now, we need your help to make sure our analysis didn't miss any critical locations.

Join us to hear about our methodology for determining our proposed locations and share your feedback to help us make sure we're creating a network that works for you.

**How to Participate**

Instructions on how to join and participate will be posted on the project website under 'Upcoming Events' ahead of the meeting: [MBTA.com/fares/fare-transformation/get-involved](http://MBTA.com/fares/fare-transformation/get-involved)
